

Fifth Annual Thomas Duncan Hall Photo Contest

Thomas Duncan, born in Girvan, Scotland, was himself an avid and accomplished photographer.

This engineer became a successful entrepreneur when he moved to Lafayette in the late 1800's. But he also had a passion for the Arts, especially photography. He left a bequest in his will so that Lafayette would have this gracious and spacious community hall. One primary use was to be a gathering place for The Arts. Duncan Hall has inspired photographers for over eight decades. Today, we continue to fulfill Thomas Duncan's vision by inviting you to share *your* photographic talents.
